

PYRAMID

# DETAILED DESIGN. PRECISE PERFORMANCE.

The Pyramid Blueprint is a result of detailed analysis and meticulous planning. The goal was to build upon the existing foundation of the Pyramid arsenal and design a High Performance ball that goes longer with more change in direction downlane across a variety of conditions, with unbelievable consistency and execution.

The plan has been achieved by joining the most aggressive coverstock from the Chosen Path ball line with the symmetric core from the Path Origin line, providing a ball that carries through the heads, stores more energy for the backends, and engages the pocket with a violent reaction.

Pyramid technology is the culmination of years of core and coverstock analysis, research, and observation. With ever changing variables within the sport of bowling, (e.g., lane conditions, ball speed, rev rate) this technology allows any bowler, from stroker to two-handed, to achieve peak performance on medium to heavy oil conditions.

<b>Color:</b>	<b>Blue</b>
<b>Coverstock:</b>	<b>GPS Navigational Solid</b>
<b>Finish:</b>	<b>500 Grit Abralon/Compound Polish</b>
<b>Core:</b>	<b>SG 19.5 Symmetric</b>
<b>Lane Condition:</b>	<b>Medium - Heavy</b>
<b>Weights:</b>	<b>12-16 lbs.</b>

PYRAMID

# DETAILED DESIGN. PRECISE PERFORMANCE.

Lane Condition: Medium - Heavy

Coverstock Name: GPS Navigational

Factory Finish: 500 Grit Abralon/Compound

Finish: Polished

Coverstock: Reactive Resin

Durometer: 74 on D-Scale

Perfect Scale: 201.50

Core Name: SG 19.5 Symmetric

RG: 2.53

Differential: 0.050

Flare Potential: 4-5" (Medium - High)

Performance: Pro Performance [10]

Clean your bowling balls with [bowlingball.com](http://bowlingball.com) Monster Tac Ball Cleaner and tear the lanes up!
