

BLUEPRINT
PYRAMID PROJECT 1.618

AVAILABLE WTS. • 12-16 lbs.

\$888.88

SG 19.5 Symmetric

Pyramid technology is the culmination of years of core and coverstock analysis, research, and observation. With ever changing variables within the sport of bowling, (e.g., lane conditions, ball speed, rev rate) this technology allows any bowler, from stroker to two-handed, to achieve peak performance on medium to heavy oil conditions.

The Pyramid Blueprint Pearl is the follow up to the highly successful Blueprint Solid. We took the proven SG 19.5 core from the original Blueprint and added it to the Blueprint Pearl. This core offers high flare for maximum performance on the backend of the lane. We also used the GPS Navigational coverstock from the original Blueprint and pearlized it. This give the Blueprint Pearl increased length and energy retention. The Blueprint Pearl goes longer then the orignal, with a sharper and stronger backend reaction.

High Performance (8)

Factory Finish: 2000 Grit/Factory Polish
Flare Potential: High
Coverstock: GPS Navigational Pearl
Lane Condition: Medium-Heavy
